- IV. The above indicates that the selected facility is not precluded by EPA policy on off-site disposal of CERCLA wastes from receiving CERCLA wastes.
- V. Treatment alternatives to land disposal of the above wastes have been considered. If land disposal is a selected method for managing any of the above listed CERCLA wastes, an explanation of why treatment alternatives were not selected is given in item VII below.
- VI. The contractual arrangements with the off-site facility will restrict the management of the above listed CERCLA wastes to hazardous waste management units which are acceptable under the EPA policy for disposal of CERCLA wastes (e.g., wastes selected for alternative treatment technologies will be restricted to appropriate treatment units, wastes selected for land disposal will be restricted to units meeting the standards established by the 1984 RCRA amendments or to units shown to adequately protect public health and the environment, all CERCLA wastes will be restricted to units with no significant RCRA violations). The details are given in item VII below.

- IV. The above indicates that the selected facility is not precluded by EPA policy on off-site disposal of CERCLA wastes from receiving CERCLA wastes.
- V. Treatment alternatives to land disposal of the above wastes have been considered. If land disposal is a selected method for managing any of the above listed CERCLA wastes, an explanation of why treatment alternatives were not selected is given in item VII below.
- VI. The contractual arrangements with the off-site facility will restrict the management of the above listed CERCLA wastes to hazardous waste management units which are acceptable under the EPA policy for disposal of CERCLA wastes (e.g., wastes selected for alternative treatment technologies will be restricted to appropriate treatment units, wastes selected for land disposal will be restricted to units meeting the standards established by the 1984 RCRA amendments or to units shown to adequately protect public health and the environment, all CERCLA wastes will be restricted to units with no significant RCRA violations). The details are given in item VII below.
